- This worksheet is intended for supplemental use only. The University will use your Academic Requirements Report (ARR) to track your graduation requirements, including those for your major. Please continue to check your ARR for accuracy.
- If your ARR requires a correction, please submit an [ARR Correction Form](#).
- Your [Degree Planner](#) (in [mycsusm.edu](#)) will display the following requirements in the University's recommended sequence.
- All courses used for the major and preparation for the major must be completed with a grade of C (2.0) or higher.
- All non-articulated courses MUST be reviewed and approved by a faculty advisor.
- A minimum of 24 units counted toward the Chemistry major must be completed at CSUSM.
- With suitable elective courses, students will earn a degree that is certified by the American Chemical Society.
- It is recommended you meet with a Chemistry faculty advisor to discuss career path and course suggestions.
- Course offerings are subject to change. Verify course availability with the Chemistry Department.
