Ashley mentioned including Title IX, Defensive Driver, and legal counsel trainings were all ideas of what to include in the future. <b>Sam</b> was not involved in this on-boarding process and mentioned it looked very thorough and he wished he had been in this position last summer in order to receive these trainings. <b>Ashley</b> mentioned that some of these could be incorporated into the new academic year for the entire Board. <b>Collin</b> mentioned that he thought the training flowed really well with learning about ASI and self before meeting and working with campus partners. He mentioned that having the SMART goals established before meeting with campus partners was very helpful because they could share the information with those partners. He also mentioned that this year was a bit easier with goals based on CSUnity, increasing the ASI fee with the fee referendum, and the Presidential election year. <b>Chris</b> echoed the same sentiments about the flow of the trainings. The officers also enjoyed the StrengthsQuest and True Colors, which helped them learn about themselves as leaders to utilize strengths.
