She also brought up changes to programming (1.2.7) such as purchase of Agorapulse not going through Internal Operations. She also shared concerns about the grievance process. Discussion clarified that section 1.2.4 states the annual operating budget which is over \$2 million dollars so not every transaction would go through this committee. Annie specifically mentioned the purchase of Agorapulse and operations of Internal Productions team is within operating budget. Further discussion focused on opportunities to make section 1.2.7 more specific and less general so it more clear in regards to ASI initiatives. Discussion continued regarding section 1.2.6. Annie clarified that the removal for BOD members is in another area of Bylaws. But, discussion continued that the nature of grievance submitted is examined on a case by case basis depending on who the subject of the grievance is.
