Last week Griffin and I had a meeting with Illiana Ramirez the DEI Rep from last year, and we were able to see how she used her time in BOD, leaving us with insight on how we can approach the rest of the year. Last week Griffin, Justin, and I had a Dining Inclusivity meeting with members from Dining services and were able to share some student concerns and personal experiences with dining on campus. I was also able to help Karina with Happiness week, which was a great idea and a hit with students. This week attended the Artist reveal and it was great seeing students excitement for festival 78. I reached out to student orgs to establish a connection with ASI and hear the concerns and goals from different voices on campus. And yesterday, we had a meeting with the office of inclusive excellence and Griffin and I were accompanied by some Board Members, Karina, Zeenia, Siaje, Moy and James. And we plan to continue to have meeting with them.

ChatGPT This week, we're tying up loose ends for the CSTEM event on Pi Day, March 14th, during U-hour. Additionally, we'll be distributing a survey during the event to gather feedback on CSTEM engagement. I have scheduled a one-on-one meeting with Karina and will be meeting with Shanelle to discuss Black Excellence for the resolution I'm working on with Justin. Furthermore, I've arranged a meeting with the CSTEM dean, Jesus, and Laurie for next week to follow up on our previous discussion and provide updates. I've also been collaborating with ACE scholars to explore potential collaborations or advocacy needs.

Q11. Upcoming Events and New Initiatives/Collaborations

For the last couple of months, I have been sitting on other committees regarding the Black Student Success working group with Dr. Mary Oling Sissay. I also am on the inclusive excellence advisory committee with Dr. Aswad Allen. Both of these committees serve as a way to engage with students on campus and serve as a place to make CSUSM a diverse and inclusive environment for all.

Q12. Areas of concern related to your position and its constituents

I am concerned about not being able to get the diversity equity and inclusion in CSTEM. Additionally, I hope we will have enough time to get a few more programmed events for CSTEM so we can engage with students and get some action plans or direction for the following school years representatives.
