

*"Mentoring is a
brain to pick,
an ear to listen,
and a push in
the right direction."*

~ John Crosby

What We Do

1 ON 1 MENTORING

You will be matched with a mentor based on career interest and use face-to-face, telephone, and online communication to explore topics such as: authentic, self-motivated goals; professional etiquette; interviewing; resumes and cover letters; and other job search strategies. Mentors consist of regional professionals, alumni, public sector, non-profit, and community leaders.

PREPARE STUDENTS FOR A PURPOSEFUL LIFE AFTER COLLEGE

The CHABSS Career Network will help prepare you for a purposeful life after college by exploring connections between your interests, passions, studies, and potential career paths.

You will work on developing your goals and honing your career readiness skills with the help of your mentor.

SUPPORT FOR FIRST GENERATION COLLEGE STUDENTS

We know many of you are first generation college students and therefore may not have networks and mentors to rely on as you make your way through your major and prepare for life after college. Our network builds upon other existing resources at CSUSM such as the Career Center and the Faculty Mentoring Program for making connections that support your future career goals.

Testimonials

"Through conversations with my mentor, it became clear what I needed to prioritize in order to reach my goals. I was able to formulate ambitious objectives for myself that made growing up and entering the workforce less intimidating and more liberating." ~ Kim, mentee, 2019

"My mentor helped me explore what I wanted to do with my life and my career. She introduced me to people in the fields I was interested in and suggested resources to clarify my long-term goals. I still use the skills I gained in the Career Network years after graduation."

~ Sara, mentee, 2016
