ACCELERATED BACHELOR OF ARTS IN SOCIOLOGY

EXPLORE HUMANITY IN AN INCREASINGLY COMPLEX WORLD

The accelerated bachelor's in sociology is designed for students who want to dive deep into understanding social issues of all sizes. By analyzing real-world data and applying critical thinking, you'll gain the skills to address these challenges directly and strategically. Our faculty are here to help you apply what you learn to make positive changes in your community and the world around you.

WHAT YOU'LL LEARN:

- How to understand diverse social experiences from a sociologist's viewpoint.
- How to find, analyze and share the latest sociology research.
- How to articulate the ethical and fairness aspects of studying society.
- How to use various research methods, both data-driven and observational, for particular questions and social contexts.
