CSUSM HISTORY DEPARTMENT

B.A. PROGRAM

STUDENT LEARNING OUTCOMES

A student with a B.A. in History from California State University San Marcos will be able to:

- Develop historical research questions, formulate appropriate research strategies, and critically evaluate evidence about the past.
- 2. Develop and defend historical arguments, demonstrating an understanding of different theoretical approaches to historical interpretation.
- **3.** Effectively communicate, in clear and convincing prose, an understanding of the causes of historical change.
- **4.** Evaluate the influence of new digital and multimedia formats on the practice and presentation of history.
- Describe several varieties of experience found in the historical record and explain why diversity is a critical component of history.
