Article 4. Money Distribution

Every club will start from zero so that way the money allotted to the clubs will only be determined by how their year went, not how the year before went. Each club will receive their total number of points at the end of the year. One point will be correlated to a certain amount of money. For example, depending how much money is in the pot, one point could be worth \$2.

For example: \$15,200 is used to calculate the ratio

Total number of points: 925

Each point is worth \$16.40

A club had 208 points so they will receive \$3,411.20 in allocation money as long as they do not exceed their max according to the Tier System which can be found below.

Article 5. Tier System

The Sport Clubs program at Cal State San Marcos is comprised of three different tiers, Tier A, Tier B, and Tier C. Each Sport Clubs is divided amongst the different tiers' dependent upon the qualifications of each tier. Each club must meet **ALL** requirements in order to be under a specific tier, which is found below. If your club does not meet ALL requirements, then you will be bumped down to the next tier.

Example: The water polo club spends \$13,000 in expenses (Tier A) and has 12 members (Tier B). This means that the water polo club would be bumped down to the lower tier, Tier B because they must meet both requirements in order to reside in a tier.

Tier A:

- 17+ Members
- \$12,001+ in Expenses
- Awarded up to \$6,000 in Allocation*

Tier B:

- 11-16 Members
- \$6,001-\$12,000 in Expenses
- Awarded up to \$4,000 in Allocation*

Tier C:

- 5-10 Members
- \$0-\$6,000 in Expenses
- Awarded up to \$1,000 in Allocation*

*If a club meets **ALL** requirements in a specific tier, then they can be awarded up to that specific amount in Allocation Funds only if the max tier amount does not exceed 1/3rd of the total expenditures for that year. If a sport club's awarded Allocation Funds exceeds 1/3rd of total expenses, then the 1/3rd of the total year's expenditures becomes the new awarded Allocation Amount (rounded to the nearest whole number). This exception is to make sure that a Sport Club is not relying fulling on Allocation funds to pay for all expenses during a given year. **This exception does not apply to New Sport Clubs.**
