BACHELOR OF SCIENCE IN SPEECH-LANGUAGE PATHOLOGY START A CAREER IN SLP. TODAY.

The Bachelor of Science in Speech-Language Pathology provides a broad education covering content related to speech, language, communication and cognitive and swallowing disorders across the lifespan. Upon graduation, students may apply to graduate programs in speech-language pathology or pursue further education and opportunities in a number of fields and professions, including general and special education, human development, social work, public health, communication and cognitive science.

WHAT YOU'LL LEARN:

- How to explain the development of communication functions and their breakdown across the lifespan
- How to synthesize knowledge across disciplines, including statistics, basic science, behavioral science and humanities and apply it to speech-language pathology
- How to describe the speech, language, communication and swallowing disorders that are diagnosed and treated by speech-language pathologists

PROGRAM DETAILS

COST PER UNIT: **\$349**

TOTAL UNITS: **75**

TOTAL COST: **\$26,175**

(Not including fees)

This program is a full-time, cohort-based, degree program that can be completed in as few as five semesters. The program accepts both Fall and Spring admissions. Fall start is traditional face-to-face with full time on campus classes. Spring start is hybrid with all classes throughout the program half time on campus and half time online.

ADMISSION REQUIREMENTS

- Minimum 60 CSU transferable units
- 2.0 minimum cumulative GPA
- Complete all lower-division general education (GE) requirements*
